Tami Dee García, MBA

Cultural Heritage Reconnection Coach

Tami helps people build, rebuild, strengthen, or deepen their relationship with their cultural heritage and decide what that connection means in their lives now. For organizations, that means cultural programming that goes beyond celebration and creates space for deeper understanding across differences.

FEATURED INTERACTIVE EXPERIENCE

Your Heritage Is Yours. Heritage, Identity & Belonging: Beyond the Labels

A guided, participatory experience built on the Heritage Fragments Framework™. Participants identify a Heritage Fragment from their own life, explore what it reveals, and leave with one practical next step.

What's a Heritage Fragment? A small piece of your heritage, like a word, a dish, a name, a photo, an object, or even something missing, that can open a much bigger story.
